Ikebana Demonstration and Workshop

At this LKNH meeting, we will have a demonstration of basic Ikebana techniques by Susan Allen, Instructor 4th Grade in the Sogetsu School of Ikebana. Following her demonstration, LKNH members will have an opportunity to create their own arrangements to take home. There will be enough vases and floral materials for 15 arrangements, so it will be first come, first served at the meeting. We will also raffle off the arrangements that Susan Allen creates that day.

If you would like to participate in the workshop, please bring a pair of flower-cutting shears or sharp heavy-duty scissors. All other materials, including vases and floral materials will be provided. If you have a particular flower from your yard that you would like to incorporate in your own arrangement, bring about 5 or 6 stems along with its leaves.
